

Logo Upload - Quick Reference

TL;DR - Optimal Settings

-  Dimensions: 400px × 192px (2:1 aspect ratio)
-  Format: PNG with transparency
-  File Size: < 500KB (ideally 100-200KB)
-  Background: Transparent

Size Comparison Chart

Recommended: 400px × 192px

← Best **for** most logos

Wide Format: 576px × 192px

← **For** very wide logos

Square: 192px×192px

← **For** icon-style logos

How It Will Look

Main Search Page

[Your Logo 64px]
Roblox Verifier Tool

← Displays at 64px height
(192px source = 3× quality)

Admin Preview

[Your Logo 192px]

 Preview at full 192px
(what you uploaded)

✓ Pre-Upload Checklist

- [] Height = 192px ✨
- [] Width = 400-600px (landscape) 📏
- [] Format = PNG 🖼️
- [] Transparent background 🟰
- [] File size < 500KB 💾
- [] Looks good at 64px height 👁️

🔥 Common Mistakes to Avoid

✗ Don't do this:

- Logo too small (< 128px height) → Will look blurry
- Huge file size (> 2MB) → May fail to upload
- Wrong format (PDF, AI, EPS) → Not supported
- White logo on white background → Won't be visible

✓ Do this instead:

- 192px height for crisp display
- Compress to < 500KB
- Export as PNG or JPG
- Use transparent background or test visibility

💡 Pro Tips

1. **Test visibility:** Your logo will be displayed on a light background by default
2. **Keep it simple:** Complex details may not be visible at 64px height
3. **Brand consistency:** Match your brand colors exactly
4. **File naming:** Use descriptive names like `company-logo-192px.png`
